

Coming very soon....

# COMBROKE CLIMATE CHANGE CLUB

- Would you like to save the planet but wondering where to start?
- Depressed by the environmental news we hear almost daily?
- Ever stood in front of your recycling bin, plastic wrapper in hand, bamboozled?
- Feeling overwhelmed by climate chaos?
- Wondering whether we should bother?
- Did you forget to take your reusable shopping bag shopping (again)?
- Would you like to know more about climate change?
- Do you like tea and cake?

If you answered 'yes' to any of the above questions, then the Combroke Climate Change Club is for you! An informal get-together that will hopefully leave you feeling more positive about the environment and what we can do to help.

Come along to our first meeting in Combroke village hall  
on **Sunday 13<sup>th</sup> October at 3pm**

A warm welcome awaits, young, old and everyone in between.  
Oh yes, and there will be tea and cake!

Supported by Combroke Parish Council
